OBJECTIVE

Enthusiastic software engineer passionate about developing efficient and user-friendly applications. Proficient in Java, Spring Boot, and React.js, with a strong problem-solving mindset and a commitment to delivering impactful solutions through collaboration and continuous learning.

SKILLS

Technical Competencies:

Languages - Java, HTML, CSS, JavaScript, SQL
Database – MySQL
Developer Tools: Git, VSCode, IntelliJ IDEA, GitHub, Postman
Software Development: Agile, SDLC, High-Level Design, Low-Level Design
Frameworks/Libraries - Spring Boot, Hibernate, RESTful APIs, React.js, Redux, Bootstrap

Behavioral Skills:

Adaptability, Teamwork, Problem Solving, Time Management, Interpersonal Communication

EDUCATION

Bachelor of Technology in Computer Science   **February 2020 - June 2024**
Sharad Institute of Technology College of Engineering, Ichalkaranji
CGPA: 7.8/10

WORK EXPERIENCE

Internship: Deesha Computer IT Solutions.

Sangli, Maharashtra | September 2024 – December 2024

- Developed and maintained responsive web applications using HTML, CSS, and JavaScript
- Collaborated with cross-functional teams to design and implement front-end features in a fast-paced Agile environment, utilizing frameworks such as React.js and Bootstrap.

PROJECTS

Exam Nexus: Automated Exam Management System: Java, MySQL, Angular, Spring Boot, Typescript

- Built a **low-level system design** for automated exam scheduling, reducing manual work by 85%.
- Developed and maintained RESTful APIs to ensure seamless backend-frontend integration.
- Created a **centralized dashboard** for attendance tracking, improving administrative efficiency by 30%.

ShopEase: E-Commerce Management Platform: Java, Object Oriented Programming, ReactJS, Spring Boot, MySQL

- Designed an e-commerce platform featuring product browsing, advanced search, and sorting capabilities, increasing user engagement by 40%.
- Implemented user authentication and admin management tools with secure role-based access control.
- Delivered a responsive and user-friendly interface compatible with all devices

CERTIFICATIONS

- **Java Programming - AICPE** (2024): Developed strong **object-oriented programming (OOP) skills**, focusing on **data structures, algorithms, and multi-threading**. Gained hands-on experience in **Java development, exception handling, and file I/O operations**, ensuring robust application performance.
- **The Java Spring Boot - AICPE** (2024): Gained expertise in building scalable microservices and RESTful APIs.
- **React Front-End Development - AICPE** (2024): Hands-on experience in creating dynamic UI components and optimizing performance.

TECHNICAL ENGAGEMENT & LEARNING

- Participated in college technical events related to coding and software development.
- Attended training sessions and workshops on Java, Spring Boot, and web development.
- Engaged in self-learning and building projects using Java, React.js, and MySQL.
